

TCM Forklift Parts

TCM Forklift Parts - In the global business of material handling, lift trucks play an important role for transporting industrial goods. Originally innovated as industrial vehicles in the 1930s in America, forklifts gained popularity after WWII during the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machinery spread globally.

In nineteen forty nine, founded by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Presently the business is simply called TCM Corporation. Through the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation with the business. TCM started building forklift manufacturing sites outside of Japan during the 1980s and is now engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

With over fifty years of accumulated expertise and technology, TCM has been proudly manufacturing various models of industrial trucks, making their models known all around the world. With an energetic and strong workers, TCM has been able to continually work towards becoming a future leading material handling company.
