

Concrete Hoppers

Concrete Hopper - This accessory is a self-dumping hopper that automatically activates to unload when bumper release contacts the side of a dumpster. When unloading is completed, the hopper returns to an upright and locked position. This piece of machinery likewise comes along with a cable which allows operation from the seat of the forklift so as to have the choice of manually dumping the hopper. There is a locking chain provided to be able to secure the hopper to the fork truck. This product is made with reliable and consistent robotic welds for utmost strength. The lift truck dumping hopper also has a blue powder coat finish in order to maintain durability.
