

Spreader Bar for Forklifts

Forklift Spreader Bars - ELME has been proudly operating since 1974, becoming the largest independent spreader maker all over the world. They are a dedicated manufacturer of spreaders for numerous several applications like the trailers, handling of containers and swap bodies.

Engineering is done in-house by utilizing all of the newest FEM tools and CAD systems. The ELME company currently has more than 125 workers. Their spreaders are supplied to reach stackers, straddle carriers, lift trucks, gantry, quayside and ship-to-shore cranes all-around the world.

The product collection of ELME comprise a lot of spreaders intended for various trailer and container handling operations. A few of their inventory consist of: Lift Trucks, Straddle Carriers, Ship to Shore Spreaders, Spreaders for Rail mounted and Rubber Tired Gantry Cranes, Reach Stackers, Harbour Cranes in addition to a huge range of additional parts.

ELME manufacturing and production is performed in a highly automated purpose built factory. In the year 2008, they made over 1150 spreaders by way of utilizing top quality elements to ensure dependability and top standards while offering reasonable prices. Major features of ELME comprise design simplicity, market feedback and inventive modular spreader concept.
